

NEW! COLLAPSABLE BULK BOX

Collapsible Bulk Box

Quantum's new collapsible bulk box provides a practical approach to large volume or large part material handling, storage and transport. Used for heavy loads, components and even food products, these reusable and returnable containers allow you to ship, handle, pick, store and distribute your products while increasing productivity and profitability. Quantum's collapsible bulk box comes in a standard pallet size footprint measuring 48"L x 45"W. It can be collapsed down to a fraction of its full height in seconds. Bulk containers stack perfectly loaded or when folded down to minimize storage space. They are designed to make the shipping of your products faster, safer and less costly while providing greater protection. Two access drop doors are able to lie flush against the container allowing easy loading and unloading. Manufactured from High Density Polyethylene, this tough container provides superior protection for products while being stored or in transit. Welded base provides greater strength while the reinforced fork openings provide easy lifting. Can withstand temperatures between -20° and 250°F. Available in Black.

new

QBB-4845-34

**HANDLE. SHIP.
DISTRIBUTE. REUSE.**

Fully opened Bulk Box measures 48"L x 45"W x 34"H

Two access drop doors allows easy loading and unloading

Easy opening and collapsing of Bulk Box's side walls

Collapses to a fraction of its full height

Performance Features:

- Plastic, ergonomic latches for opening and collapsing
- Superior strength with low tare weight
- High return ratio: return 3 collapsed boxes for each bulk box distributed
- 1,800 lb. load capacity for standard usage
- Large, flat labeling area on all four sides
