STORE-MAX 8" Shelf Bins

Our 8" high bins offer 95% more storage capacity when compared to the standard 4" high bins and 65% more than the 6" high bins. The new STORE-MAX 8" Bins will truly maximize and organize your space. Manufactured from high density polypropylene, STORE-MAX 8" Shelf Bins are the industry standard for quality. These bins feature a molded-in label holder, built-in rear hang-lock which allows bins to tilt out for complete access when on shelving. A wide hopper front allows complete access to the contents of the bin. Edges are reinforced for added strength. They are designed for 12", 18" and 24" deep shelf units, racks, or standard shelving. Optional dividers are a perfect accessory to subdivide and keep parts separated as needed. See **pg. 23** to order Clear Bins.

Dividers and Bin Cups

Optional black dividers fit snugly, horizontally across bins to create compartments. Each bin accepts up to 7 dividers.

Bin cups have a raised, slotted label holder for easy parts identification. The entire bin cup may be removed for easy part retrieval. Available in 2 sizes and 2 colors.
