

Wire Shelving Systems Finishes

6 WIRE FINISHES AVAILABLE

Chrome - is a plating process which deposits hard chrome over a copper, nickel surface. This process is very durable and allows product to be used in any application in a dry storage environment. **1 year limited warranty to not rust or corrode when used in dry and non-humid environments.**

Stainless Steel - 304 Stainless with an electro-polish finish represents the highest industry standard in the prevention of corrosion. This finish is highly effective for corrosive, high humidity or clean room environments. **Lifetime warranty for 304 stainless steel electro-polish finish.**

NEW
FINISH

Proform Green, Gray and Black Epoxy - are an ideal solution for high humidity, wet, or walk-in-cooler applications. The carbon steel is treated with an iron phosphate and the powder coated epoxy is electrostatically applied, baked and cured to a hard surface. All three colors are antimicrobial. **15 year limited warranty for antimicrobial finish to not rust or corrode.**

NEW
FINISH

Blue Endurance and Gray Epoxy - is a developed process which exceeds conventional finishes. Finish is excellent for high humidity or corrosive applications and is fortified with an antimicrobial agent. **15 year limited warranty for antimicrobial finish to not rust or corrode.**

PERFORMANCE FEATURES:

- All welded construction with additional wire trussing for high strength characteristics
- Top mat wires run front to back (except on 12" x 36" size) for ease of loading and unloading and superior strength
- Wire allows air to circulate and light to penetrate for increased product visibility
- Minimal dirt accumulation
- Split sleeve connectors secure shelf corners to posts
- Numbered grooved posts on 1 inch increments for quick assembly
- No tools required for assembly
- Adjustable foot levelers allow for perfect stability
- Durable finishes
- Aesthetically pleasing
- Optional accessories (see pgs. 146-148)
- National Sanitation Foundation (NSF) Approved
- Shipped KD Class 70
- 600 to 1,000 lb. capacity per shelf

600-800 lb.

Post Insert
Additional pieces available
(Sold as 4-pack)

W-PLB
Post Leveler adjusts up or down allowing height flexibility
(Sold as 4-pack)

Posts

All posts are manufactured from 16 gauge carbon steel with numbered grooves on one inch increments and allow for shelf installation. Numbers are printed between grooves for quick assembly. Posts are double grooved in consistent intervals for additional quick identification. Post levelers and post inserts are enclosed with all posts. Inserts and levelers cannot be used in conjunction with stem casters. See **pg. 149** to order caster sets. Custom post heights are available, call for details.
